

## About Musim Mas Group

Headquartered in Singapore, Musim Mas is one of the world's biggest players in the palm oil industry. Our business is involved with every part of the palm oil supply chain: from managing plantations and mills to refining crude palm oil and manufacturing palm-based products, supported by an extensive fleet of ship tankers and barges that enhances our logistical capability. We have 37,000 employees in 13 countries across Asia Pacific, Europe, and the Americas, committed to meeting global palm oil demand in an environmentally, socially and economically viable way. Our global marketing activities are undertaken by Inter-Continental Oils & Fats (ICOF) - a member of Musim Mas Group.

## History of Musim Mas

Musim Mas started out with humble beginnings in 1932 in Medan, Indonesia, as Nam Cheong Soap Factory. The company has grown from strength to strength since its first foray into palm oil refining in 1970, as well as plantation and mill management in 1988 and 1991 respectively. Today, we are one of largest palm oil companies across the globe.

## Vertically Integrated Business Model

## Global Presence

With presence in strategic locations across the world, Musim Mas is well equipped to provide professional sales and technical support.

## Large Operational Scale

Being one of the largest plantation owners with significant planted acreage, Musim Mas is also one of the largest palm oil refining and oleochemicals players in the world. Its operational scale will ensure a reliable supply of raw materials and optimised logistical capability, creating value for your supply chain needs.

## Quality Excellence

The Group's products are formulated and tested in laboratories using the most stringent standards to achieve the ideal blend of performance and value to meet customers' needs. With its vertically integrated business model which includes extensive mid- and downstream processing facilities, Musim Mas is capable of managing an RSPO-Segregated supply chain and ensuring quality consistency.

## Commitment to Sustainability
