

A member of the Musim Mas Group

Internship Sustainability Analyst

www.musimmas.com

Internship
Period:

6
months

Three Benefits of this Internship Program:

Real ESG Exposure

Get hands-on experience with global sustainability frameworks like GRI, SASB, CSRD, and ISSB. You'll learn how ESG data is used in real business contexts, and build practical skills in reporting, research, and strategy that are in high demand.

Unique Learning Overseas

This isn't just a desk job—there are chances to travel overseas and see sustainability efforts in action. It's a great opportunity to explore how environmental and social issues are tackled on the ground.

Grow with Guidance

You'll be part of a supportive team that values learning and growth. Gain confidence through mentorship, sharpen your communication and presentation skills, and walk away with experience that makes your resume stand out.

What We Do Our Services

Musim Mas Group is one of the largest integrated palm oil companies. Headquartered in Singapore, our primary operations are in Indonesia, from cultivation to refining and manufacturing. We strive to provide innovative palm oil products and derivatives across multiple industries worldwide. From our plantations, mills, refineries, kernel-crushing plants, oleochemicals, and specialty fats plants, we manufacture palm oil and value-added derivatives before exporting these to customers via our extensive fleet of tankers and barges.

Reports To: Sustainability Reporting Senior Executive

An intern working in Musim Mas on sustainability reporting can expect a dynamic role that involves responsibilities contributing to environmental, social, and governance (ESG) practices. The typical tasks that they will be responsible for include:

◆ Responsibilities and Duties:

1. Optimising data management for sustainability reporting.
2. Research and Strategy Development: Conduct research to develop sustainability strategies. Conduct peer benchmarking on sustainability reporting practices and ESG ratings.
3. Reporting: Assist to prepare accurate and timely sustainability reports, based on the different reporting requirements, such as the Global Reporting Initiative (GRI) standards, Sustainability Accounting Standards Board (SASB) standards, Corporate Sustainability Reporting Directive (CSRD), and standards by the International Sustainability Standards Board (ISSB). This includes analysing, reporting, and communicating ESG-related information.
4. Data Analysis: Support in collecting, verifying, and analysing sustainability data for reporting purposes.
5. Presentations: Assist in delivering presentations and sharing information and ideas with stakeholders.

Note: Internship opportunities and travel to Indonesia are available, providing valuable learning experiences for individuals passionate about sustainability.

◆ Qualifications:

1. Currently pursuing a Bachelor's Degree in Environmental-Related Studies / Agriculture / Accounting / Business / Communications discipline.
2. Having the legal rights to seek employment in Singapore.
3. Fluent in English. Having Bahasa Indonesia is a plus.
4. Having an interest in sustainability, environmental and social issues.
5. Having an interest in analytical work, project management and presentation.
6. Familiar with Microsoft Excel, Microsoft Word and Microsoft PowerPoint.
7. Willing to travel to Indonesia.
