

A member of Musim Mas Group

Internship TREASURY ANALYST

Three Benefits of this Internship Program:

Real World Exposure

Gain hands-on experience by working on meaningful projects that support treasury operations, reporting, and system improvements within a corporate environment.

Skill Development

Enhance your analytical, technical, and problem-solving abilities using tools like Excel, PowerPoint, and other digital platforms to support data-driven decisions.

Professional Growth

Build confidence and communication skills by collaborating with cross-functional teams, contributing to presentations, and supporting process enhancements.

What We Do Our Services

Musim Mas Group is one of the largest integrated palm oil companies. Headquartered in Singapore, our primary operations are in Indonesia, from cultivation to refining and manufacturing. We strive to provide innovative palm oil products and derivatives across multiple industries worldwide. From our plantations, mills, refineries, kernel-crushing plants, oleochemicals, and specialty fats plants, we manufacture palm oil and value-added derivatives before exporting these to customers via our extensive fleet of tankers and barges.

Reports To: Treasury Manager

An intern in treasury analysis will contribute to data-driven decision-making by supporting financial reporting, modeling, and automation initiatives. The role offers exposure to real-world treasury operations and opportunities to enhance reporting efficiency. The typical tasks that they will be responsible for include:

Responsibilities and Duties:

- 1. Data Analysis**
Support the collection, verification, and analysis of data for treasury reporting and decision-making purposes.
- 2. Report Automation and Documentation**
Develop and enhance spreadsheets using AI tools to streamline report preparation and reduce lead time. Prepare detailed procedure manuals for the report generation process.
- 3. Presentation Materials**
Maintain and update banking relationship monitoring slides, group financial summaries, and other PowerPoint materials as required.
- 4. Financial Modelling**
Assist in preparing financial models, cash flow projections, financial covenant calculations, and other related treasury tasks using Microsoft Excel.
- 5. Data Management**
Maintain and update treasury-related databases and spreadsheets. Ensure records are accurate and kept up-to-date.
- 6. File Organization**
Assist in maintaining and regularly updating shared drive files to ensure easy access and version control.
- 7. Ad-Hoc Support**
Undertake ad-hoc tasks and special projects assigned by the Treasury Department.

Qualifications:

1. Pursuing a Bachelor's Degree in a quantitative discipline such as Finance, Accounting, Computing or Information Technology.
2. Ability to collect, organize and interpret data with strong attention to detail and accuracy.
3. Improve efficiency and productivity of internal processes.
4. Detailed-oriented, motivated, has initiative, team player, independent and have strong problem-solving skills.
5. Fluent in English and Chinese.
6. Advanced skills in Microsoft Excel, Word, and PowerPoint, and preferably some familiarity with Power BI and Python.
